

International Master in Game Art

Programme

→ AN INDUSTRY WITH ENDLESS POSSIBILITIES

Videogames are currently the most powerful industry in the world when it comes to audiovisuals. During 2019 and in Spain, specifically, video games billed 1,710 million euros. This figure represents 15.7% more than in 2018, and 24.2% more than in 2017. And it continues to rise constantly, even globally.

The sector grows year after year and its impact on the economy is increasing. This results in a high demand for video game professionals, both programmers and 3D artists. With the International Master in Game Art we offer a specific training to become a video game art professional prepared to successfully tackle real time projects and, especially, AAA video game content.

→ STUDIES PROGRAMME

International Master in Game Art

Study in Barcelona

→ INTERNATIONAL CITY.

Barcelona is a capital city open to the world. A cosmopolitan, open-minded and vital city with an unbeatable location for attracting talent and business development, as well as an attractive climate.

→ CULTURE.

You will live in a city that is culturally awake and in constant movement. Barcelona has a solid and stimulating cultural offer designed for a restless, multicultural and diverse public.

→ CAMPUS LOCATION.

Our campus is located in 22@, one of the first urban innovation districts in the world. An innovation laboratory that concentrates a large part of the city's technological and creative sector.

→ SAFE CITY.

According to a study published by The Economist in August 2021, Barcelona is one of the safest cities in the world and the 4th in Europe. This ranking considers eighty indicators on health, environment, infrastructure and digital security.
